Description of Problem

Please include a detailed description of the issues, as well as a description of and a copy of any professional studies, citations or reports from government entities, recommended solutions, and any cost information or estimates. If additional space is needed, please attach.

The fire alarm system was installed in 1996. The existing MX-L Siemens system is a legacy product and the parts are at a premium if they can even be found. It is imperative that the system be replaced before the remaining parts for the system have completely dried up.

Project Category: Special Systems

Are any of the above-described issues in buildings or part of buildings that are leased to another entity, including a district sponsored charter school? N

Available Funding

Current unencumbered building renewal fund balance (Fund 690):	\$1,000.00
